## STANTON DOSSETT HEADS NRA COMMITTEE HERE

Stanton Dossett, Cameron business man and civic leader, has been named commanding general of the drive to bring about co-operation and operation of the NRA blanket code agreement signed with President Roosevelt in Cameron.

The appointment of Mr. Dossett was made Monday night at the meeting of the Chamber of Commerce along with his staff of executives to assist in the immediate operation and compliance with the National Recovery Administration.

Mr. Dossett lost no time in placing his organization on a working basis, having called a meeting Wednesday night at his home at which time a detailend outline of the work was discussed and work laid out for the members of his staff. His leadership strengthened by business experience and understanding of the code brings to the administration of the recovery program here a decided advantage for its success and he has asked the co-operation of every business firm and employer.

Assisting Mr. Dossett is Miss Annie Stallworth, Lieutenant General in charge of the women's work of co-operation; L. Van Perkins, Colonel No. 1 for man power, whose duty will be to canvas the business district and all employers to ascertain if compliance is being made with the codes; J. B. White, Colonel No. 2 in charge of publicity work to bring information to the public; and J. D. Baskin, Colonel No. 3 in charge of the speaking program.

## MILAM VOTERS GO TO POLLS NEXT SATURDAY

Voters in Milam county will go to the polls on Saturday, August 26 to decide whether alcoholic beverages of not more than 3.2 will be authorized to be sold and consumed in the borders of the county.

In addition the voters will pass upon the merits of the proposed amendments to the constitution fully explained in a campaign of publicity waged by those in charge of placing information before them. Outstanding among the amendments is the proposed legalization of beer in Texas and the selection of delegates to attend the repeal convention to vote for or against ratification of the proposed repeal of the 18th amendment.

Milam county voted dry in 1917 and a local option election has been ordered for next Saturday. It was estimated that approximately 5000 votes would be cast in the county. A check up showed that the machinery for holding the election was in order and all in readiness for the expressed will of the people.

### NRA Committee Asks Uemployed Here To Register For Jobs

The Committee for the NRA in Cameron has asked that all unemployed people in the city register giving their names, qualifications and work or postions best adapted to.

It is made plain that this registration has nothing to do with the relief association. It is desired that all persons unemployed should register so that as jobs develop, employers will have a source to which to apply for men and women to fill positions. This registration is apart from all relief work.

This information has been asked for by the United States Government. Leave your name and address and telephone number with the offices of J. P. Love in the old Cameron State Bank Building.

Miss Ema Jeanne McClaren has returned from Waco after several days visit. She was accompanied by her sister, Miss Lucille McClaren for the week end.

### Reduction Defeated?

Cotton acreage reduction has been defeated in its purpose by too favorable weather conditions, says the Tyler Journal.

In an editorial addressed to the president, this paper suggests that inasmuch as the country has united to fight depression as it would a tangible enemy, wartime tactics should be employed. The cotton growers who refused to join in the first reduction campaign should now be "drafted" into enforced reduction.

With estimated yield at or near normal because of extraordinary good condition of the crop, the ten per cent or more who refused, either from lack of patriotism or failure of agreement in the idea, the first reduction are defeating all the desirable results obtained by those who participated.

It is a plan worthy of consideration. Those who entered whole heartedly into the plan to guard against overproduction should not be kept from enjoying the benefits of their willingness to co-operate.—Temple Telegram.

## W A MORRISON DIES AT HOME HERE AUGUST 18

W. A. Morrison, 74, died at his Cameron home Friday August 18th, 1933 at 3 a. m., following an attack of erysipelas and blood poisoning developed from an infection on his neck.

He became critically ill three days before his death and attending physicians were unable to stay off the attack. News of his death was received here and throughout the state shock and genuine sorrow. A leader in educational affairs and as a lawyer his acquaintance was wide and his death was mourned by thousands who knew him as a neighbor and citizen and for his works of chairity and service to others.

Mr. Morrison was born October 17, 1859 in Memphis, Tennessee, the only son of Amsi and Eliba Stevenson Morrison, early American pioneers who were natives of Virginia, later moving to Tennessee. He came to Texas along with other men of that day lured by the spirit of adventure and to make his home. He had been a resident of Texas for more than half a century and had lived in Cameron for the past 35 years.

Early in life he entered the profession of teaching. He settled at Sharp when he came to Texas and later moved to Branchville. After this period of residence he lived in Rockdale and later moved to Cameron. Studying law he was admitted to the

### Information Available For Employers Here In NRA Blanket Code

Employers desiring information about the provisions of the NRA blanket code may apply at the office of the Cameron Herald.

At a meeting of the NRA Committee held Wednesday night, J. B. White, publicity director, was placed in charge of the information bureau for the convenience of those who desire to ask questions concerning the operation of the code. This service is being supplied as a means of insuring an early compliance with the code.

Questions may be asked and such information available to the present time will be given. Any problem facing any group of employers and merchants needing detailed explanation will be gladly explained on application of those interested. A provision has been made for stated meetings of the committee when occasion demands. The committee desires to extend its service to all employers in an effort to bring about a speedy operation of the code..

## NRA COMMITTEE NAMED AND WORK IS BEGUN

Plans to put into effect the provisions of the NRA blanket code and other codes adopted for branches of local industry and business, were made Wednesday night at a meeting of the committee named by the Chamber of Commerce.

The Committee held its first meeting at the home of Stanton Dossett commanding general for the National Recovery Administration in Cameron. All members were present to hear Mr. Dossett outline the provisions of the code and to make plans for work in Cameron.

Miss Annie Shallworth, lieutenant general, is in charge of women's work. Next week she will begin a canvas of the city for co-operation among consumers. With her will be a corps of women workers. A house to house canvas to ask women to sign pledge cards will be made. These cards will obligate them to buy from firms who are entitled to display the Blue Eagle. It was pointed out that many have displayed the Blue Eagle but have not complied with the code. Such firms will be listed as not complying and will not receive the patronage of those who sign for co-operation with the President. It is estimated that 85 per cent of store buying is done by housewives. This canvas is to be made within the week.

L. Van Perkins, colonel No. 1 for man power, will make his door to door canvas in the business district Thursday and Friday of next week. This check up will be for the purpose of finding if business firms are entitled to display the Blue Eable. If not such condition will be reported. Firms who have complied with

## MORRISON CHAMPION OF PUBLIC EDUCATION

At about three o'clock Friday morning, Auguest 18th, 1933, the last page of the life of W. A. Morrison was complete and the soul of this outstanding man winged its way into the realms of eternity. Mr. Morrison had been well and was busy with the trial of a case when an infected spot on his neck developed rapidly into erpsipelas and blood poison. He grew violently ill and the end came within a few days.

Many of the trustees of Milam county will ever remember Mr. Morrison's last address in the District Court Room on Saturday morning, August 12th, a few days before his death. In his happy, delightful, forceful manner, he pointed out the changes that had been wrought in education in the last quarter of a century. He stated that because he had lived a long life he was keenly sympathetic with the older generation who question the superiority of modern educational methods over those of the old, but that he had been in such close touch with the newest trends and movements in education that he could see the merits and advantages in both the old and the new, and encouraged those present to use the best that education could offer, regardless of when the contribution was made. He maintained the fact that his life, and the lives of those of his age were past, but that it behooved every good citizen to co-operate in united effort for the advancement of education.

In his school addresses, he often quoted the words of Mirabeau B. Lamar: "Cultivated mind is the guardian genius of Democracy, and while guided and controlled by virtue, the noblest attribute of man, it is the only Master that freemen acknow-

ATTENTION! DELINQUENT TAX PAYERS

We submit for your information and guidance, the following resolution, setting forth the policy of this county regarding Delinquent Taxes:

August 18th, 1933.

In Re-Delinquent Taxes—

The Commissioners Court of this County recognizes the fact that the State, including each county and the sub-divisions thereof has been extremely lenient and considerate of delinquent tax payers during the past three years and that there is now large sums of money due the public treasury in delinquent and past due taxes. The further fact that property owners who fail and refuse to pay their taxes contribute nothing to our government except an increase in the burden on those property owners who do pay their taxes. We, the court, recognize that taxes is a sum of money to be collected from each citizen and represents that citizen's pro-rata part of the funds necessary to maintain those institutions which the citizens of this country have seen fit to foster through their duly elected representatives.

It is hereby declared that the policy of this county shall be to enforce delinquent tax collections and unless the delinquent tax payer takes immediate steps to adjust his delinquent taxes, suits to enforce the tax lien on property will be filed.

All of the public funds are now badly in need of relief, including the special school funds. Special School taxes are voted by the people of the various school districts based upon an accurate estimate of taxable values in the district. If the taxes assessed are fully paid in the school can operate efficiently, but unless taxes are paid the efficiency of the school is impaired. The situation confronting the schools of this county is serious and if our schools continue to give to the youth of the land proper training, taxes must be paid. Collection of Delinquent Taxes cannot be longer delayed.

We desire to advise that your Tax Collector endorses the above resolution and will to the best of his ability carry out the provisions thereof. No doubt you have now the last opportunity to pay up your taxes under a Special Relief Act. You can now save practically all penalties, interests and costs, while later you must pay all of these additional items including Costs of Suit.

Respectfully,

ROY LAW,
Tax Collector, Milam County

# *Let's "Do OUR PART"*

Cameron, Texas, August 23, 1933.

Dear Friend:—

Every voter in Milam County should thoroughly understand the so-called Bond Issue that is to be voted upon Saturday, August 26. In consequence I am addressing this to you for your careful consideration.

The following is an exact copy of the principal section of the Senate Resolution submitting the proposed constitutional amendment and authorizing the legislature to issue relief bonds.

"Section 51a. The Legislature shall have power to authorize by law the issuance and sale of the bonds of the State of Texas, NOT TO EXCEED the sum of Twenty Million ($20,000,000) Dollars, bearing interest at a rate not to exceed Four and a half (4½) per centum per annum; and payable serially or otherwise not more than Ten (10) years from their date, and said bonds SHALL BE SOLD FOR NOT LESS THAN PAR and accrued interest, and NO FORM OF COMMISSION SHALL BE ALLOWED in any transaction involving said bonds. The proceeds of the sale of such bonds to be used in furnishing relief and work relief to needy and distressed people and in relieving the hardships resulting from unemployment, and to be FAIRLY DISTRIBUTED OVER THE STATE and upon such terms and conditions as may be provided by law, and the Legislature shall make appropriations as are necessary to pay the interest and principal of such bonds as the same becomes due. The power hereby granted to the Legislature to issue bonds hereunder is expressly LIMITED TO THE AMOUNT STATED AND TO TWO YEARS FROM AND AFTER THE ADOPTION of this grant of power by the people. Provided that the Legislature shall provide for the payment of the interest and redemption of any bonds issued under the terms hereof FROM SOME SOURCE OTHER THAN A TAX ON REAL PROPERTY, and the indebtedness as evidenced by such bonds SHALL NEVER BECOME A CHARGE AGAINST OR LIEN UPON ANY PROPERTY, real or personal, within this state."

## YOU PLAINLY SEE—

1st. That this Relief Bond Issue, unlike all other bond issues of the State, is solely for the purpose of providing food, medicine and other necessities of life for unfortunate people in Texas who, through no fault of theirs, will be unemployed and consequently in need during the coming winter.

2nd. The Legislature will issue only that portion of the authorized bonds which are actually needed and as the need appears.

3rd. No tax of any kind can possibly be placed on real estate or personal property to pay the interest or principal of these Relief Bonds; but is to come from some other source—I believe from a tax on what may be termed luxuries, as the present legislature has four times refused to authorize a sales tax.

4th. There is no posibility of graft, because every person who will in any way handle these funds is now under a large bond and every payment made will be carefully examined by auditors, who also are under bond.

5th. The Relief Bonds issued will be sold at 100 cents on the dollar with no commission to be paid anyone.

6th. This is in no way a political issue, but is a necessary part of the National Recovery Program of President Franklin D. Roosevelt.

It is true that some mistakes have been made in the past in administering relief, but compared with the great number of needy and distressed people who have been helped, the percentage of mistakes has been small indeed. In the future every case must and will be thoroughly investigated before relief is granted.

Up to and through August the Federal Government has furnished over $13,000,000 for direct and work relief in Texas. Of this amount over $30,000 has been granted and spent for sick and work relief in Milam County, and the State of Texas has not provided one cent for such relief, nor can the State render aid unless this Bond Issue is acted upon favorably.

The Federal Government has positively refused to send any more funds for relief to Texas unless Texas votes favorably on this Relief Bond Issue. In case the Bond Issue carries, the Federal Government has promised to match the State funds, dollar for dollar.

The cotton crop will be completely picked some time in November—THEN WHAT?

Very few of the planters will be able to pay their present and past due obligations at the present price of cotton, and it will be impossible for planters to furnish food and medicine at the already advanced prices to their tenants, to their croppers and to their extra pickers during the winter months.

You and I and other citizens of this County and State either cannot or will not contribute enough to take care of the thousands in this county and millions in this State who will be unemployed and hungry and sick during the coming winter.

Unemployed men—most of whom would work if they had the opportunity—most of whom are just as honest and law abiding as you and I—but not so fortunate; unemployed men mean, not only hungry men, but also hungry women and children. Hunger in many instances brings on sickness, and hunger breeds desperation, and desperation leads to stealing and plunder and riot.

If such a situation should develop in any county of this great State, and it will surely come to pass unless the Bond Issue is voted favorably, such disturbance will spread like wild-fire to every county and community in the whole State, and will cost the citizens of Texas vastly more than the Bond Issue.

Think it over my friend and vote as your reason and your heart and your conscience dictate.

(Rev.) J. P. LOVE, Chairman

## MORRISON

(Continued from page 1)

bar and the major part of his active life was spent in the practice. At one time he opened law offices at Anson in West Texas.

He was graduated from the University of Texas law school and was admitted to the bar in 1891. Possessed with unusual ability for the profession and a mentality that comprehended the philosophy of law, it is said that he had tried more cases before the supreme court than any other lawyer in Texas.

For 22 years he was chairman of the Milam County Board of Education, resigning that place this year to take a place on the State Board of Education to which he was named by Governor Miriam A. Ferguson. His most notable work as a member of the State Board was to insure full operation of the schools for this term.

He was a member of the Presbyterian church and in fraternal circles held membership in the Knights of Pythias.

Funeral services were held at 9:30 o'clock Sunday at the family residence by Rev. O. C. Acrey, pastor of the Presbyterian church. A male quartette composed of Dan Tyson, T. A. Fisher, A. C. Strickland and C. S. Terry gave special songs at the home and at the grave. The Coleman funeral home directed arrangements and interment was made in Oak Hill Cemetery.

Mr. Morrison is survived by his widow, Mrs. W. A. Morrison and three children as follows: one son, William A. Morrison, Jr., Mrs. Maude Chambers, and daughter, Caroline Chambers, and Miss Frances Morrison. All were present at the time of his death and had been at his bedside during the short illness.

Active pall bearers were: A. J. Lewis, Dr. W. R. Newton, Oxsheer Smith, L. Van Perkins, T. A. Fisher and Voss Harlan.

Honorary pall bearers: E. B. Phillips, B. R. Thompson, J. B. White, J. E. Holtzclaw, Dr. James Ferguson, Dr. Eduard Rischar, Dr. D. E. Monroe, Dr. Arthur Kruse, J. C. Joseph, H. C. Meyer, Ben Lowenstein Paul Fuchs, Nat H. Butts, F. A. Durnie, George T. Moore, F. C. Fahrendorf and J. J. Parma.

Members of the bar to attend in body: Judge John Watson, T. S. Henderson, Judge Jeff T. Kemp, J. M. Ralston, E. A. Camp, Judge W. G. Gillis, E. A. Wallace, O. L. Kidd, Roy Baskin, M. G. Cox, S. M. Burns, J. K. Froeman, Frank Lesovsky, B. P. Matocha, J. W. Garner, Ed Gunn, O. D. Graham, Thos. V. Adams and D. R. Criswell.

Out of town friends present at the funeral: State Superintendent of Public Instruction L. A. Woods, Second Assistant Superintendent of Public Education Miss Edgar Ellen Wilson, W. E. James and wife, W. A. Holden and wife, Ed Guthrie, Miss Katherine Henderson, member of State Education System, Austin, F. L. Henderson, member of State Board of Education, Bryan, State Sen. Roy Sanderford and Paul Baker of Belton, Ed Guthrie, Austin, Charles O'Malley, Temple, Frank Martin Dallas, Mr. and Mrs. Neil Stribling, Rockdale.

the act by shortening working hours without closing their business except at hours in effect prior to July 1, 1933 and who have added employes to fill out the prescribed week and who have not distributed their help over the week in such manner as to avoid employment of others, will be entitled to display the Blue Eagle and will be so listed. These firms who display the Blue Eagle must also have complied with the minimum wage agreement, which is $14 per week in Cameron. Firms not complying with the code will not be listed among the prefered when the customer list is compiled. Mr. Perkins wants the co-operation of all business men in the work.

The committee Wednesday night discussed at length the position of those firms unable at present to comply with the code because of the expense of increased wages. It was pointed out that the agreement with President Roosevelt is flexible and exceptions are made at the time of signing the blanket agreement can be heard on their merits and adjustment made so as to help rather than destrop business. In order to give service and help business men the committee instructed Mr. Perkins as secretary to get all available information at once so that proper consideration could be given all those within this circumstance. It was pointed out, however, that the Committee would not attempt to evade the code in any way nor has it the authority to prescribe conditions other than those authorized from Washington.

The block to block an dhouse to house canvas to be made next week would put the code in effective work in Cameron and establish the identity of those who are complying with its provisions as against those who do not and will not comply.

J. D. Baskin, colonel No. 3 will be in charge of speakers and public information generally. He will work out plans to place the merits of the code before the people of Cameron.

J. B. White, in charge of publicity, has the responsibility of interpreting the work of the committee for public understanding. For the present he has been placed in charge of the bureau of information and all business men and employers who desire information may get it by calling at the office of the Cameron Herald.

ledge, and the only security which freemen desire." He encouraged the erection of better school houses, drew plans and specifications for them and personally supervised the erection of more than a score of the school houses that now stand as a monument to his keen knowledge of what constituted a superior school building.

Mr. Morrison was a close friend and associate of every county superintendent elected by the people of Milam county. He was instrumental in urging the action taken by the Commissioners Court on August 30, 1890, when the Hon. J. F. Thompson was appointed the first county superintendent of Milam county. The records of the county superintendent's office show that the county board of school trustees was organized on June 16th, 1911 and at that time Mr, Morrison was elected chairman of the board and served in an outstanding way as chairman over a period of 22 years. In May, 1933, he resigned as chairman of the county board to accept an appointment as a member of the State Board of Education. His unselfish service to the schools of the State has already resulted in inestimable benefit and his valiant and victorious fight for the maintenance of state school finance will keep open the school house doors to more than one-half million children in the rural districts during the coming year.

Funeral services were conducted at the family residence and at Oak Hill Cemetery Sunday morning, August 20 with Rev. O. C. Acrey, pastor of the Presbyterian church in charge. E. A. Wallace, J. K. Freeman and Jack Lewis, attorneys in Cameron, all of whom at one time had been associated with Mr. Morrisonin the practice of law, spoke briefly of Mr. Morrison's character as a man and as an attorney, attributing to him those high qualities of character and citizenship that have wraught so mighty sociated with Mr. Morrison in the building of American Democracy.

T. A. Fisher, superintendent of the Cameron Public Schools and chairman of the county Board of Education and one who was closely associated with Mr. Morrison over a period of ten years, paid a tribute to Mr. Morrison's devotion to the cause of Education and the rights of childhood to the light and liberty that can come only through intellectual development. Especial emphasis was given to the service rendered by Mr. Morrison to the educational interest of the entire state during his brief term of membership on the State Board of Education.

## Attend Funeral of Mrs. Schweda Monday

Mr. and Mrs. E. O. Schiller and family attended the funeral of Mrs. Robert Schweda in Caldwell, who died suddenly Sunday, August 20th at 3 o'clock while standing in the door of her cottage at Galveston, where she had gone with her family for a few week's vacation.

## Lady Took Cardui And Got Rid of Pain In Her Side

"Last summer, my health was bad, so I began taking Cardui," writes Mrs. H. E. Slaughter, of Norman, Okla. "My mother had given me Cardui in girlhood, so naturally I turned to it when I felt I needed it. I felt run-down and a general weakness. I had bad, dizzy headaches when everything would seem to dance before my eyes. My right side pained me so much, but since taking Cardui the pain has left me. I have taken several bottles of Cardui and have improved a great deal."

Cardui is sold at drug stores here.

**TROOP NO. 52**

**J. A. Lindle, Scoutmaster**

Troop No. 52 held their regular meeting Friday night with an attendance of 32, which included the Scoutmaster, Troop Committee and the Grand Knight of the Knights of Columbus. The meeting was opened in high spirit with the scout oath and law. In the patrol meeting the boys made a study of trees in preparation for a game that was played later. The gme was conducted by Eagle Scout Hensley, who delivered a strange mystery story in which it was necessary to have a knowledge of trees to fill in the missing links. This story was continued until next week leaving the audience in high suspense. We sincerely congratulate Scout Hensley on his ability as a mystery story writer, and hope that he will be successful some day as a novelist. After the story, in keeping with the older boy policy of the Troop, a short talk was given by Senior Patrol leader Gjedde on the ideals of scouting. The speaker for next week will be Scout Ermis. The game section was given over to a bicycle relay race. The X patrol making the course in two minutes and forty-eight seconds, the Foxes Two and thirty four with the Longhorns winning in two and ten. We are deeply thankful to the K. of C. for a meeting place where such games can be conducted. The meeting came to a close with a song and the customary warm good night from the Scoutmaster.

The Cameron Business & Professional Women's Club has received an invitation to attend a recreational meeting of the B. & P. W. ### ANNOUNCEMENT PARTY

Miss Velma Newton was hostess to a bridge party Wednesday afternoon. A dainty blue and white color scheme was used throughout the party rooms, featuring summer flowers in baskets, vases and bowls.

After many games Miss Billie Gaither won highest trophy, and low went to Miss Lauretta Evans, both receiving dainty gifts. At the close of the games table accessories were removed and tables laid with pretty covers that carried out the chosen colors, when the hostess, assisted by her mother, served a salad plate with ice tea. On the plates was laid a blue scroll which on being opened bore the following: "Gerry and Balfour, September Sixth." This clever surprise added mirth to the occasion and good wishes were extended to the prospective bride, who is the only daughter of Mr. and Mrs. D. H. Slaughter of Cameron. Miss Geraldine is a very popular young lady and the bridegroom to be is Balfour Franklin of Austin, an instructor in State University.

In the cut for table favors, dainty dolls in bridal attire were won by Dorothy Lesovsky, Marjorie Dusek, Arnette Ryan and Helen Blaylock. On the plate of the bride-to-be, a pretty doll in bridal attire was placed after the announcement.

## Emergency Hog Buying Believed Imminent

Instructions have been given by County Agent Geo. Banzhaf that the government will soon place in operation its emergency purchase plan of pigs and sows in the principal livestock markets.

There will be immediate sale for pigs weighing less than 100 pounds and sows weighing 275 or more. These would bring special market premiums when the emergency plan is put into effect.

Premiums will be paid to farmers who raise the pigs and sell them direct. Dealers who go about buying hogs in anticipation of collecting the premium will not be allowed to collect it.

**Black-Draught**

**Clears Up Sluggish, Dull Feeling**

"I have used Thedford's Black-Draught for constipation for a long time, and find it gives relief for this trouble," writes Mrs. Frank Champion, of Wynne, Ark. "I think it is good for spells caused from gas on the stomach. If I get up in the morning feeling dull and sluggish, a dose of Black-Draught taken three times a day will cause the feeling to pass away, and in a day or two I feel like a new person. After many years of use we would not exchange Black-Draught for any medicine."

*P. S.—If you have CHILDREN, give them the new, pleasant-tasting SYRUP of Thedford's Black-Draught.*
